

This upcoming luxury urban retreat, being the first luxury grand hotel in Spain that opened its doors in the 19th century, has been completely renovated, combining neo-classical architecture with colonial design in its 199 rooms, with panoramic views of the Atlantic Ocean, Mount Teide, and botanical gardens.

The hotel is ideal for exclusive events, featuring exceptional spaces, services, and outdoor areas. Its adjoining gardens house a unique Congress Centre with a separate entrance, making it a standout venue in Tenerife for hosting events in a stunning, natural setting.

In addition, the exceptional array of venues, services, and exquisite culinary offerings provided by Gran Hotel Taoro for your events is perfectly complemented by an extensive selection of outdoor spaces, ensuring each occasion becomes a truly unforgettable experience.

Nestled within the lush gardens adjacent to the main building of Gran Hotel Taoro, and featuring its own private entrance, lies our Congress Centre—an exclusive facility unlike any other on the island of Tenerife.
